Slut (noun) - negative term for sexually active female

Player (noun) - positive term for sexually active male

What’s up with that?!

Think about the power your words can carry.

This double standard gives men greater sexual freedom than women. Society can easily confuse the greater right to have sex with entitlement to have sex. Men who feel entitled to sex are more apt to sexually assault their partner than those who feel both partners have an equal say in sexual relations.
