“He’s such a dick!”

dick (noun) - (vulgar) penis

Did you mean to say?
He’s such a jerk!
asshole!

Think about the power your words can carry.

When using a male body part as an insult, you are sending the message that being a man is bad, or that all men are jerks. Most men aren’t jerks or assholes. When using the word ,”dick,” we promote the message that we don’t value men as people or as partners. However, many men are partners in an effort to end power-based personal violence. But if we continue to disenfranchise men, it will be impossible to reduce acts of power-based personal violence in our community.
