“She’s so hot! I’d hit that!”

Hit (verb) -
To come against with an impact

What did you mean to say? I’d have sex with her! make love to her!
(What’s up with that?...there’s no 3rd option!)

Think about the power your words can carry.

Where do we begin with this statement...

- Using the word ‘that’ to refer to a woman, objectifies women. Turning people into objects sets them up to be mistreated and abused.

- Using violent terms to describe sex blurs the line between sex and violence. It confuses people as to what is or is not OK sexually.
